## Immigration Today: Why do people move to the UK?

Author(s): Nancy Dickmann • 240 x 190mm • 32 pages

Covering the various reasons that people may want to move to the UK, this book takes an in-depth look at why and how people choose to become immigrants. From families fleeing war-torn countries, to workers looking for job opportunities, we cover the motivations, the challenges and the successes. This is a sympathetic and positive look at immigration today, helping children to understand the push and pull factors that bring people here. We consider the processes involved in immigration and asylum, how it can be hard to gain entry to the country and what happens when people try to get here illegally. And we'll also take a look at emigration and the factors that encourage UK residents to move abroad. Straightforward text, lively photographs and engaging case studies ensure readers will get a full, clear picture of migration.

### Meet the British royal family

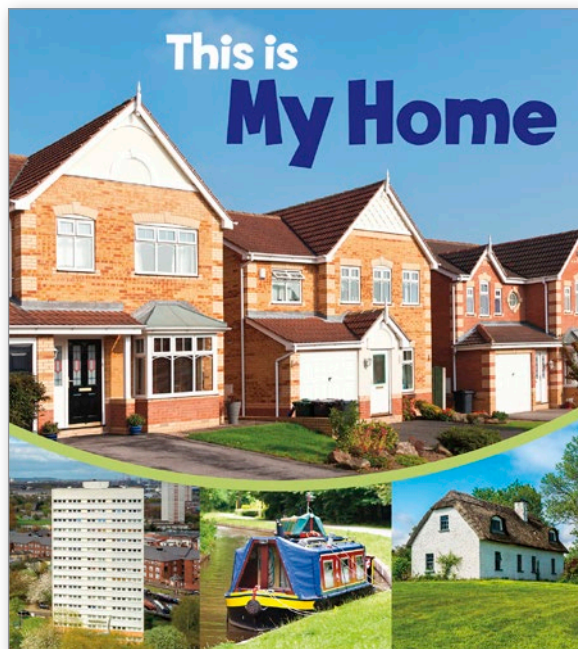

The British royal family is known all over the world. The head of the royal family is our queen, Queen Elizabeth II. She is also Head of the Commonwealth of Nations. Elizabeth II is the queen of 16 countries within the Commonwealth, including Australia, Canada, Jamaica, New Zealand, Papua New Guinea and the Solomon Islands. Her family helps to support her in her role.

King Athelstan ruled for 15 years.

There have been kings and queens in England and Britain for over 1,500 years. Before that, there were kings and queens of different tribes or groups of people. It is believed that the first king of all of England was Athelstan. He reigned from AD 924 to AD 939.

## Saving British Wildlife: Success Stories

Author(s): Claire Throp • 264 x 195mm • 32 pages

Children who care about wild animals: roll up your sleeves, there is work to be done! Some species of animals, such as that the white-tailed eagle and the large blue butterfly, died out in Britain in the 20th century. But efforts by experts to reintroduce them from other countries have been successful. This book looks at the work being done to save British wildlife, focusing on the success stories that now see certain species thriving. We also touch on species whose numbers are starting to go down, such as hedgehogs, starlings, puffins and small tortoiseshell butterflies. Find out in our "Tips" section how you can help to look after the wildlife either in your own garden or when you are out in the countryside.

## The World of Artificial Intelligence

Author(s): Tammy Laura Lynn Enz • 229 x 178mm • 32 pages

When it comes to Artificial Intelligence (AI), the future is now. Companies such as Amazon and Netflix already suggest things you might like based on your past interactions. Soon a shop might be able to suggest a shirt in your favourite colour when you walk in the door. Cars can brake automatically when they sense a potential accident, and fully self-driving cars are on the horizon. Young readers will learn about up-to-the minute AI, including some of the ethics surrounding AI developments. This high-interest topic will appeal to readers while also connecting to science, technology, engineering, arts and mathematics (STEAM) curriculum topics.
